| Toxicological Data | Oral, dermal, and inhalation: non-toxic (estimated)  
Eye and skin irritation: expected to be non-irritating |
| Regulatory Information | DOT shipping class: not applicable  
DOT hazard class: not applicable  
U.S. O.S.H.A.: expected to be not hazardous |
| Reactivity Data | Stability (thermal, light, etc.): stable, avoid extreme heat, avoid strong oxidizers  
Hazardous decomposition products: carbon monoxide, aldehydes, acetic acid  
Leaching (contamination) of ground waters: negligible |
| Fire and Explosion Data | Flash point: 430°F (221°C)  
FLAMMABLE LIMITS: LEL: NA, UEL: NA  
EXTINGUISHING MEDIA: Carbon dioxide, foam, dry chemical and water fog  
Firefighters must use self-contained breathing apparatus in enclosed areas |
| Environmental Protection | Contamination (leaching) of plasticizers into groundwater after long-term burial: expected to become negligible. |
